Contents

	Page
Foreword	Inside front cover
Committees responsible	Back cover
Specification	
0 Introduction	2
1 Scope	3
2 Definitions	3
3 Sizes	3
4 Dimensional deviations	4
5 Durability	4
6 Efflorescence	5
7 Compressive strength	5
8 Water absorption	5
9 Sampling for tests	5
10 Marking	6
Appendices	
A Measurement of dimensions	7
B Determination of soluble salt content	7
C Method of test for efflorescence	9
D Determination of compressive strength	10
E Determination of water absorption	11
F Appearance	12
G Check-list for ordering bricks	12
H Determination of initial rate of suction	13
J Recommendations for quality control	13
Tables	
1 Sizes	3
2 Limits of size	4
3 Durability designations	4
4 Classification of bricks by compressive strength and water absorption	5
5 Number of bricks required for testing	6
6 Limits for the dimensions measured when using the gauge board	18
Figures	
1 Arrangement of bricks for the measurement of dimensions	7
2 Apparatus for method of test for efflorescence	9
3 Example of control charts for the quality control scheme for compressive strength	14
